

Please do not expand the LPFM stations to take priority over current FM stations in the Folsom, California area. Our family listens to K-LOVE on FM 99.1. K-LOVE provides a positive message to our family and is a large part of our lives. If K-LOVE were replaced by a LPFM station, we would have difficulty locating an alternate station that is commercial free and family-friendly. With K-LOVE, I never have to worry about what might be said that could be offensive to my children. We believe K-LOVE is in the public's best interest because it promotes family values and never has anything negative presented. If replaced, the community would only be faced with commercials, negative messages, violence, sexually explicit lyrics and other offensive material. In order to avoid this negativity, please do not expand the LPFM stations to take priority over current FM stations in the Folsom, California area (specifically K-LOVE at 99.1FM).
